### **Full Acquisition Announcement**

GPH Irrigation Products is excited to announce that we have been acquired by IPS Weld-On Corporation. This acquisition marks a strategic partnership that expands our capabilities in water-management solutions and enables us to deliver a broader range of products and services to our customers.

Our commitment to providing exceptional service remains unchanged. We remain dedicated to meeting your needs with the same responsiveness, reliability, and attention to detail you have come to expect from GPH. This partnership enhances our ability to support you while preserving the values and customer-focused approach that define our company.

Over the next few months, we will be diligently working to integrate GPH into the Weld-On family. This process will be carried out thoughtfully and with precision, with the goal of making the transition as seamless as possible for our customers, partners, and distributors. Throughout this integration, our priority will be continuity — ensuring you continue to receive the products, service, and support you rely on.

We look forward to the expanded opportunities this partnership will bring and are excited for the future we will build together as part of IPS Weld-On Corporation.

We appreciate your ongoing support and look forward to serving you with an even broader range of water management products.

Thank you for your trust in GPH Irrigation Products.

Sincerely,

Travis Komara  
President
